Ristorante Corona

Category: Restaurants and taverns
business description: This restaurant in the capital of the Curone Valley is a glorious place.
Marta, a young mother, was brave to take on this family restaurant that has been serving food for generations. She has continued in honor of her parents, grandmother and great-great grandparents. Here, you enjoy and breathe a happy atmosphere of bygone times, with the best products of the Curone Valley, a segment of the province of Alessandria that begins a little after Tortona and reaches the peaks of Giarolo. Don't miss out on the seven tastings of hot and cold specialties (€16) or the doctor's starter: ham and mayonnaise roulades, Russian salad, vegetable pie and, of course, the noble salami from Giarolo. In season, you will find fragrant truffles on tagliolini or on meat tartare, but also on Montebore to enjoy at the end of a truly gastronomic feast, or in fondue on the soft potato gnocchi. A must (€11) will be the gnocchi del Corona with creamy milk sauce, pumpkin ravioli with balsamic vinegar, but also the agnolotti with stewed meat sauce. The second course (€11), roast veal with rosemary, stewed meat loaf, Marsala-style cutlets. The desserts (€5): Piedmontese chocolate bonet, Matilde's panna cotta, Chestnut Mont Blanc. Simply delicious!
